

International Winterschool on Electronic Properties of Novel Materials

First announcement

February 13 - February 20, 2016

Hotel Sonnalp - Kirchberg in Tirol - Austria

Chair persons

C. Thomsen ([Institut für Festkörperphysik, TU Berlin, DE](#))
J. Maultzsch ([Institut für Festkörperphysik, TU Berlin, DE](#))
A. Hirsch ([Institut für Organische Chemie, Uni Erlangen, DE](#))
H. Kuzmany ([Fakultät für Physik, Uni Wien, AT](#))
S. Reich ([Fachbereich Physik, FU Berlin, DE](#))
S. Roth ([Sineurop Nanotech GmbH, München, DE](#))

Program committee

Time and Location

The XXXth winterschool will be conducted from **February 13 to February 20, 2016** at the Hotel Sonnalp in Kirchberg in Tirol, Austria. All participants of the winterschool will be accommodated in the hotel or in nearby hotels/private houses. Dinner will be served for all participants at the hotel. The Hotel Sonnalp is a modern, Tyrolean style building with a very cosy atmosphere, a big lecture room and several special installations like indoor swimming pool, sauna, solarium, etc. for your recreation.

Please note the unusual abstract deadline of **December 04, 2015**, which is due to the early date of the IWEPM 2016.

Scope

The winterschool will provide a platform for reviewing and discussing new developments in the field of electronic properties of molecular nanostructures and their applications.

The scope of the winterschool covers experimental and theoretical work in the following fields:

- materials science of graphene and nanographene
- novel two-dimensional materials
- carbon nanotube / graphene optics and electronics
- carbon nanotube / graphene growth and selection
- theory of novel materials
- applications of novel materials
- nanostructure spintronics
- topological insulators
- single-molecule experiments

Further Information

Tutorials, research lectures and poster presentations will be scheduled for morning and evening sessions. The afternoon will be free for mini workshops, special tutorials and private discussions. A second announcement will be distributed to interested colleagues in September 2015. Personal application for participation will be required. For current information please visit our website:
